## Innsbruck Winter Symposium for Coagulation

“Infusion, Transfusion and Coagulation  
Management in Massive Bleeding”

08.

November 10<sup>th</sup> and 11<sup>th</sup>, 2012

# Innsbruck Winter Symposium for Coagulation

"Infusion, Transfusion and Coagulation Management in  
Massive Bleeding"

[www.clotwork.at](http://www.clotwork.at)

## → Topics

### 1. A NEVER ENDING STORY:

Volume resuscitation in Haemorrhagic shock -  
crystalloids, starches, gelatin or nothing?

### 2. THE THERAGNOSTIC APPROACH:

From pathophysiology to diagnosis and therapy

### 3. EMERGING STRATEGIES IN MASSIVE BLEEDING:

Massive transfusion protocols or individual therapy?

### 4. WHAT MAKES THE DIFFERENCE:

Coagulation in traumatic brain injury.

### 5. THE SLIPPERY SLOPE:

Coagulation management in patients  
with extracorporeal devices.

### 6. "LES MISERABLES":

Massive bleeding and new oral anticoagulants and platelet inhi-  
bitors.

### 7. THE DAY AFTER:

Thromboembolism and prophylaxis after major trauma
